

MAY IS NATIONAL ELDER LAW MONTH

Elder Law Attorneys can counsel and assist seniors and individuals of all ages with special needs. Elder Law attorneys throughout the country contribute a great deal to their communities by educating seniors and individuals of all ages with special needs about their legal options and by providing pro bono services. Please contact an elder law attorney in your area if you or your organization would like a speaker on any of the following topics.

Members of the Indiana Chapter of the National Academy of Elder Law Attorneys are advocates available to speak to organizations about:

Living Wills/Health Care Proxy Forms
Medicare Part D
Long Term Care Insurance
Public Entitlements, such as Social Security, Supplemental
Security Income, and Veterans Benefits
Paying for Nursing Home Care
Estate Planning

You can contact any member of the Indiana NAELA Chapter to arrange for a presentation to your organization on one of these topics. Please click on the “membership listing” section to find an elder law attorney in your area.
